

WALL OF WATER DESTROYS TOWN

Five Hundred Persons Are Killed In a Cloud-burst at Heppner, Oregon.

AN AWFUL SCENE

Parties Are To-day Searching the Ruins for the Bodies —Three Hundred Recovered.

(Special By Scripps-McLae.) Portland, Ore., June 16.—Hundreds of men at dawn started to work this morning to recover the dead from the ruins of Heppner. Searching parties report finding bodies far from the city proper and it is estimated that fully five hundred met their death in the awful flood.

Lack Facilities Three hundred bodies have been recovered thus far and owing to the amount of debris it is thought two hundred more are still in the ruins. The dead found are wrapped in sheets and are buried in common crates, the warm weather preventing their being kept any time.

Help Coming From all over the west help is coming and special trains are on the way to aid in the work. Governor Chamberlain has ordered that all aid possible be given at the expense of the state.

Doctors Not Needed There is said to be little need for doctors and nurses, as all who were in the path of the waters perished and those who are alive escaped unhurt, being on high ground away from the flood.

The general estimate is that 500 persons are dead.

Sudden and Short. It is impossible to secure many details, and, in fact, those who have reached here and other towns in the region say there is little to tell. The wall of water came down the gulches, enveloped the town, and then swept on. It was sudden and short. Willow creek, ordinarily ten feet wide and six inches deep, in less than ten minutes was 400 feet wide and twenty feet deep. The wall of water could be seen coming down the gulch, but it rushed with such rapidity that the inhabitants had not time to get out of its path.

All Are Dead. Heppner is the county seat of Morrow county, Ore., and had about 1,250 inhabitants.

The Portland office of the Oregon Railway and Navigation company received the following message, via Echo:

"Toughly estimated, almost all the people living on the banks of Willow creek were drowned.

"Need relief in shape of large body of men to clear away debris and bury bodies.

"Agent Kerman and wife are presumably dead, as they have not yet been found."

Huge Bowlders Float. Almost the entire residence portion of the town was wiped out, but some of the business part, which is on higher ground, escaped.

Huge bowlders weighing tons were carried down by the current, and many people killed by being dashed against the rocky bluffs.

Early in the afternoon there was a thunder storm, covering a wide region of country, and later a heavy rain storm set in, many of the small streams overflowing their banks in a short time. Bridges were swept away like straws, and the darkness of the night soon made the situation more distressing.

Work of Relief. As soon as possible after the flood subsided the work of relief was commenced by the citizens of the town. Dozens of bodies were found lodged along the banks of the stream and in several places they were piled upon one another. Up to 2 o'clock Monday afternoon 200 bodies had been recovered almost within the city limits.

The buildings which were not carried away were moved from their foundations or toppled over.

As soon as possible news was sent by courier to the nearby towns, and the Oregon Railway and Navigation company started a relief train with doctors and supplies from The Dalles.

Portland Raises Fund. The citizens of Portland started a relief fund, and within two hours \$5,000 was raised.

Fifteen buildings in the town of Lexington, nine miles below Heppner, on Willow creek, were washed away, but with no loss of life, the inhabitants having time to save themselves.

At Lone, seventeen miles away, considerable damage was done to buildings, though no loss of life is reported from there.

Alexander Tryke, a farmer living near Heppner, Marquette county, is in the city trying to force his daughter to return to the farm and work. He has hired attorneys, and is with the girl, who is reported as a domestic.

INDIANA BANK AFFAIRS ARE RATHER TANGLED

Manager Is Paid to Hold \$17,000 in Government Bonds Belonging to Two Institutions.

(Special By Scripps-McLae.)

Waterloo, Ind., June 16.—At a meeting of creditors of two banks Bank Manager Garwood was accosted with demands to account for \$17,000 government bonds which he holds belonging to the banks. Garwood's home in Auburn is covered by a mortgage and his wife makes a demand for it on the ground that the mortgage cannot be given to satisfy her husband's debts. Garwood also took with him much valuable personal property which the creditors had expected to be added to the list of assets to offset overdrafts of Garwood.

Charles McClellan of Grand Rapids, a member of the banks, failed to appear to answer to the bankruptcy proceedings. He is reported to be \$33,000 indebted to the banks. Bankruptcy proceedings against G. T. Abbey, cashier of the De Kalb bank; Claude Benedict, cashier of the McClellan bank, and Isaac Hague as stockholders, were withdrawn.

MEN FALL INTO A SMOKESTACK

One Sustains a Broken Arm, While Companion Is Slightly Hurt.

Geneva, Ill., June 16.—While working on an eighty-five foot steel smokestack for the Illinois Sugar Refining company here, two employees of Love Bros., Aurora, fell into the stack, the entire distance inside the stack. Thomas English suffered the breaking of an arm, while May, his companion, escaped with slight injuries.

SAYS THAT GIRLS WERE MISTREATED

Witnesses in Municipal Court Tell of Abuse of Two Little Milton Junction Lasses.

Stories of cruelty to two little girls, aged seven and fourteen years, were told in the municipal court today, in a trial extending well along into the afternoon. The complaints were made against Harry Hinton and Grant Hinton of Milton Junction. The two little girls, whose names are Hazel and Irah, are the daughters of Harry Hinton, and Grant Hinton his brother. It was stated by witnesses that the older of the two little lasses has been obliged to do the housekeeping for the family since her mother's death several years ago.

When her efforts did not meet with the approval of her father and brother, it was alleged, they showed their disapprobation by cuffing and striking her.

District Attorney W. A. Jackson conducted the trial for the state. O. E. Oestreich appeared for the father and son.

The purpose of the trial now in progress is to secure homes for the little girls where they will be kindly treated.

Model Municipality.

The town of White Pigeon, Mich., claims to be run as cheaply as any town in this country. Last year it cost the 800 inhabitants \$1,325 for expenses. The health department spent \$2.25 in addition to the health officer's salary of \$20. The police department appropriation was 50 cents, the fire department \$80.

Decrease in Divorces.

Within the last ten years there has been a great decrease in the number of divorces in Prussia.

DEWEY TRIAL BEGAN TO-DAY

Millionaire Cow Boy Charged With Murder Is Closely Guarded By Armed Men.

CONFLICT LIKELY

Cow Boys and Settlers Have Flocked to the Scene All Are Armed

(Special By Scripps-McLae.)

St. Francis, Kansas, June 16.—Preliminary hearing of Chauncey Dewey the millionaire cowboy and his two associates, accused of the murder of Daniel Terry and two sons, began this morning in the court here.

Closely Guarded

Troops are guarding the courthouse and all the streets leading to it. Armed guards halt everyone at the doors and search them for weapons before allowing them to enter the building.

May Be Trouble

Despite the presence of the militia the town is filled with cowboys and settlers and it is possible that trouble may come before the hearing is over as the two factions are very set.

DECISIONS AID CORPORATIONS

Missouri Supreme Court Rules Against Attorney General.

Jefferson City, Mo., June 16.—The Supreme court, en banc, decided against Attorney General Crow in his suit against the Continental Tobacco company, brought for violation of Missouri anti-trust laws.

The same court also decided in favor of thirteen railroads against whom Attorney General Crow had instituted suits of ouster for violation of laws relating to re-conignment charges.

In reference to the tobacco company the court holds that a corporation acting in good faith and in the legitimate pursuit of its business can buy up all the assets of other similar corporations. It has the money to pay for. The law forbidding the formation of a trust or combination to control prices does not prohibit the purchase of one corporation by another.

PESTHOUSE WORRIES CITIZENS.

La Crosse Residents Say Private Hospital Takes Smallpox Cases.

La Crosse, Wis., June 16.—Residents of this city petitioned the authorities to close what they alleged to be a private pesthouse run by James Wilbur. It is alleged that Wilbur makes a business of harboring victims of smallpox and other dangerous diseases. It is charged that local health officers have been parties to the maintenance of this private hospital. Health Officer Murphy is not in the city and the complainant may appeal to the state health officers.

MRS. LUDINGTON TO GET \$86,839

Awarded Dower Right in Estate of Former Wisconsin Governor.

Milwaukee, June 16.—Mrs. Emilina Ludington, widow of Governor Ludington, will receive \$86,839, with costs and interest, from her husband's estate. Mrs. Ludington, who lives in Kenwood, a suburb of Chicago, brought suit against the executors of the estate several years ago to recover her dower rights. The suit was bitterly fought, and went to the Supreme court, which finally decided in Mrs. Ludington's favor.

Convict Weds Widow.

Ironton, O., June 16.—Floyd C. Lithgow, alias L. C. Lennov, a convict at the Ohio penitentiary, who was pardoned by Gov. Nash, has married Mrs. Mary E. Vaughan, a widow who lives at Horseshoe Bend, near Ironton.

Declines to Be Governor.

Manila, June 16.—The government, which intends to appoint an army officer to be governor of Cavite province, offered the post to Capt. Shanks of the Eighteenth Infantry, but the latter has declined the offer.

Near Starvation.

New York, June 16.—Dirk Nybøker, who speaks three languages, is a graduate of the University of Leyden and was well-to-do in Holland, was found near to starvation.

Italian Crisis Continues.

Rome, June 16.—The political crisis continues. It is reported that if Zanardelli persists in his refusal to form a cabinet the king will call on former Interior Minister Giolitti.

Two Nations Closely United.

The commercial relations of the Albanians are principally with Venice. The Turkish government gives the Italians the right to maintain post-offices in the cities of Albania, and Albania has import and export agents in Italy and a bank in Venice.

BIG JUBILEE IN BELGRADE

City Goes Wild Over the Announcement that King Peter Has Accepted the Crown.

CELEBRATE TO-DAY

The Whole City Is Out En Masse to Show Their Great Joy.

(Special By Scripps-McLae.)

Belgrade, June 16.—Celebrations in honor of King Karageorgevitch began here last night as soon as the formal acceptance was received by the council and today all the city is in gala attire and celebrating.

Much Rejoicing

King Peter's prompt acceptance of the crown has practically ended all opposition on the part of the other aspirants and except for the minor conflict which took place in the streets yesterday nothing has happened.

Big Holiday

Today is the big holiday of the week. Thousands of citizens are parading the boulevards and bands are playing martial airs. King Peter is expected to arrive here within a day or two, when plans will be made for his coronation.

BOWEN BACK FROM VENEZUELA

American Minister Home on Leave Before Going to The Hague.

(Special By Scripps-McLae.)

New York, June 16.—Herbert W. Bowen, United States minister to Venezuela, arrived here on the steamer Maracaihu. He is on leave of absence for two months, after which he will go to The Hague to take part in the arbitration of Venezuelan cases. Speaking of Venezuela Mr. Bowen said:

"There are ten commissions sitting at Caracas for the settlement of claims against Venezuela. They are the United States commission, the British, the German, the Italian, the Mexican, the French, the Spanish, the Swedish and Norwegian, the Belgian and the Dutch. The commissions all met June 1 and it is expected that their work will be finished in three or four months."

BOODLER ASKS FOR NEW TRIAL

Ex-Chief of Police Fred Ames Says State Called Him Too Guilty.

Minneapolis, Minn., June 16.—Fred W. Ames, former chief of police under his brother's administration as mayor, pleaded in the Supreme court for a new trial and another chance to escape a term in the penitentiary. His counsel did not dwell on the claim that the state had failed to prove him guilty, but the plea was that the state had tried to prove the defendant "too guilty." It had made out a case under an indictment charging Ames with accepting a bribe of \$15 from a woman.

ESCAPES AFTER A HARD FIGHT.

Alleged Murderer Breaks Away From Captors Near Eau Claire, Mich.

St. Joseph, Mich., June 16.—Edward Richards, wanted for the murder of Charles Johns in Van Wert Ohio, accompanied by Tom Roach, an alleged horse-thief of Van Wert, while begging food in the village of Eau Claire, was recognized by James Furrell. Richards ran down the railroad track, where he was captured by Deputy Marshal Park and a posse of citizens, but on the handcar he put up a hard struggle for liberty and after a fierce fight, with his clothes nearly torn from his body, made his escape and fled to the woods. Roach was captured.

Heavy Load for Stork.

Parkersburg, W. Va., June 16.—Quadruplets have been born to J. L. Curtis of Wolfpen, W. Va., three girls and one boy, all of whom are lusty.

Crops Fine in Manitoba.

Winnipeg, Manitoba, June 16.—The government official bulletin reports fine prospects for crops in all sections of Manitoba.

Noted Writer of Hymns.

It will be a surprise to many to know that the authoress of that well-known hymn, "Safe in the Arms of Jesus," is still alive. Mrs. Van Alstyne, the lady in question, has just entered upon her 85th year. In her day she is said to have produced no fewer than 2,000 hymns, many of which have secured world-wide recognition.

Care in Measles.

The convalescence from measles is the most important stage of the disease. Watchfulness and care may prevent serious pulmonary complications. The contemplation of the mortality bills should make us extremely careful in our management of this affliction, says Prof. Osier of Johns Hopkins university.

ALABAMA PEONAGE LAW IS HELD TO BE ILLEGAL

Federal Judge Declares Statute Enforcing Work for Debt is Violative of the Constitution.

Montgomery, Ala., June 16.—Judge Jones in the United States court here delivered a special charge to the grand jury investigating the peonage cases, in which he took occasion to say that these cases were by no means general, but confined to two or three counties.

In response to the request of the jury for a construction of the Alabama statute known as the criminal contract law, which permits any person to confess judgment for costs against persons convicted of misdemeanors and requiring such person so convicted to work out the fine, Judge Jones said the statute was violative of the federal constitution in that it was a civil contract and no one could be imprisoned for debt or forced to serve a master to pay such debt. If Judge Jones' ruling holds, all connected with the conviction and hire of such convicts except committing magistrates, are liable to indictment under the federal statutes.

SCOTT IS DECLARED ELECTED

Aledo Man Goes to Supreme Court From New Fourth District.

Springfield, Ill., June 16.—Guy C. Scott of Aledo was formally declared to be elected justice of the Supreme court in the new Fourth judicial district. It was expected that Joseph N. Carter of Quincy, the Republican nominee for re-election, would contest the election, but he entered no objection to the returns, and they were accepted.

DYNAMITE COURTHOUSE IN PIKE COUNTY, IND.

Powder Explodes, But Fails to Discharge More Dangerous Stuff and Damage Is Slight.

Evansville, Ind., June 16.—An attempt was made to wreck the courthouse at Petersburg, the county seat of Pike county, Indiana, forty miles north of Evansville, at 3 o'clock in the morning. Eight sticks of dynamite and a keg of powder connected by a fuse were placed under the hallway of the building and the fuse lighted. The powder exploded, but the dynamite failed to go off. The plastering in the rooms above was torn off and the walls shattered. The report was heard all over town and the fire department was called out. There is no clew to the perpetrators of the crime, although it is believed it was done by persons favorable to moving the courthouse from Petersburg to Winslow, a town ten miles distant.

No Wonder Polly Swore.

Polly, who was an observant bird, often watched his master chewing a toothpick. One day the parrot found an unlighted match and immediately began to imitate the performance which had so frequently interested him. After playing with the match a few moments he gave a hard bite, and as it ignited with a flash he dropped the flaming piece of wood from his mouth and said: "No wonder!"

The Unstable Earth.

It has long been known that the earth's poles wobble a very little. Now a Japanese scientist, Mr. Kimura, who is in charge of an observation station at Misuzawa, has found a variation in latitude, and it seems that the earth's center of gravity may oscillate every year to the extent of about five feet. This, it is said, "cannot be explained by any cause with which we are at present familiar."

COAL STRIKE NOT COMING

Anthracite Miners Decide this Morning Not to Walk Out Under Present Conditions.

MANY RADICALS

Some of the Delegates Wanted a General Strike Declared on Stringent Basis.

(Special By Scripps-McLae.)

Scranton, Pa., June 16.—At the mine workers' convention this morning it was decided to endorse the action of the executive board in electing miners' representatives in the board of conciliation. This averts all possibility of a strike.

The Great Meeting

John Mitchell presided, and 640 delegates were in attendance. The conciliation matter and all other grievances the different districts want to have considered were referred to a committee which was composed of seven delegates from each district and the three district presidents.

Mitchell Is Disappointed.

In opening the convention President Mitchell made a brief speech reviewing the events that have transpired since the close of the strike, and making suggestions as to what plan of procedure the convention should follow. He said in part:

"It is needless to say that the refusal of the coal operators to accept the award of the strike commission in a broad, liberal, fair spirit, is a deep disappointment to me. I had hoped that after the award was made each side would accept it and carry out its provisions to the last letter. I desire to say that if the mine workers had refused to carry out even so much as the slightest provision of that award I would be the first man to condemn them for such conduct. We expect to keep its provisions inviolate. When we are ready to live up to the award, it is not unreasonable for us to ask the operators to do the same.

Decision Is Moral Victory.

"The award of the commission was far from all we asked and were entitled to. From a monetary standpoint it was not a great victory for us. It was, however, a great moral victory. True, we are granted an advance in wages and a decrease in hours of labor, but, altogether, we did not receive one-half of what we were entitled to. But whatever disappointment came of the award we can bear it. We will accept our failure and carry out the award as faithfully as though we secured everything we sought."

Provokes Strike Spirit.

Secretary George Hartlein, in a spirited speech, provoked resounding cheers by declaring: "I can see a six months' strike in every one of your faces to get what we are entitled to." He declared the convention had nothing to do about selecting conciliators, as that already had been done, and the only business before it was to formulate this and the other grievances and proceed to have them redressed. "Let us get our grievances properly before us, so that if we have to fight we will know what we are fighting for," he said.

Would Avoid Trouble.

A colored delegate, William Tarr of Shanokin, arose to protest against Secretary Hartlein talking strike. "We've had enough of strike," he declared. "What we're here for is to avoid trouble. We're not looking for bother." He was howled down.

Time and again motions were made, all substantially in favor of having the convention endorse the action of the joint executive board in selecting the conciliators, but President Mitchell each time staved off a vote. Finally he advised the convention should express its sentiments, leave it to the committee on resolutions to frame the sentiments in proper order, and then take action. This was headed.

Controversy With Guns.

June 16.—Armed with shot and shells, the farmers and hunters of Mount Kisco and the townships are looking for a quarry who has set fire to a dozen houses and barns and almost every dog in the neighborhood.

Letter Goes for Libel.

June 16.—The Rev. Charles H. Johnson of a Congregational church of North London, has sued the Evening World for libel. The paper had published a statement of a letter from a graduate, is a Presbyterian and its degree bogus.

Tree Cutting Causes Floods.

New York, June 16.—The Rev. Dr. Charles Oliver Hall, preaching on "God's Revelation Through the Trees," has declared that the desolation from floods in this and other countries is due to the destruction of trees.

## CHESTER PARISH WON THE HONORS

TOO ( PREMIER POSITION IN ATHLETICS AND DECLAMATION.

### UNIQUE FIELD MEET OF BLIND

Records Made Were Good, Considering Disadvantages of the Contestants

Chester Parish carried the star role in yesterday's commencement exercises at the State School for the Blind. In the track and field meet he won a plurality of points, and in the declamatory contest he was declared medal winner.

One of the most unique field days seen in Wisconsin was held in the afternoon. Of the fifteen boys who competed in the events thirteen were totally blind, and the other two could only see moving objects. The hurdles, pole vault and hammer throw were left out, but in their place the standing high jump, the football kick, and the thirty-five yard dash were contested.

**Good Athletic Scores**  
A boy named Gonla, totally blind, was first in the thirty-five yard dash in .04 flat. The distance for the running broad jump was 17 feet 8 inches. The football was kicked 108 feet. The standing high jump was 4 feet 6 inches and the standing broad jump was 7 feet 9 inches. Chester Parish of Whitewater was the winner of most points, capturing a total of forty. He was winner in the football kick, running broad jump, 440-yard dash, 880-yard run, mile run, running high jump, shot put and discus throw.

On the declamatory platform Chester Parish again won first honors. The contest was for a medal presented by E. J. Baker, principal of the literary department of the school. The second place was awarded to Miss Irene Wadsworth by the judges, A. A. Jackson, Mrs. W. H. Merritt, and Rev. R. M. Vaughan.

Mr. Parish's declamation was "Spartacus to the Gladiators." At an earlier contest, held a few weeks ago, Mr. Parish also received the first prize. Miss Wadsworth presented "Laska."

### DECLAMATORY PROGRAM

The program included:  
Boys' Chorus—Spring Song  
Declamation—"Little Golden Hair" . . . . . Sarah Von Wald  
Declamation—"Laska" . . . . . Irene Wadsworth

Instrumental Quartette—"Lustspiel"  
Six students will be graduated from the school this evening. They are Miss Emma Bentz of Cumberland, Miss Winnifred Gilbert of Stoughton, Miss Anna Hall of Montello, Arthur Cory of Virgo, Frank Lemere of Chilton, and Oscar Simmons of Oregon.

## REFUSE BIDS FOR COAL FOR SCHOOL

School Board Refuses to Accept Any of Bids Presented—All Prices Identical.

All coal bids were turned down by the school board. At the meeting held last evening four bids were opened and read. They were from the Janesville Coal Co., J. F. Spoon & Co., W. H. H. Macdonald, and Sager & Son. The prices were identical: \$8.50 for egg, \$7.50 for Pocahontas lump, and \$7.00 for Pocahontas mine run.

"They look as if they were all written on the same typewriter," said a school commissioner.

It was the opinion of the gentlemen present that the price quoted was no better than that at which any individual could procure the same commodity. The bids were all rejected. The fact that the bids did not guarantee the same prices in the event of a strike is partly responsible for the rejection if the bids.

On request of the finance committee of the common council, the clerk was instructed to furnish a statement of the sum of money which would be required for the running expenses of the public schools next year.

### FORESTERS AT LA PRAIRIE

Members of Catholic Order Are Guests of John Bier of La Prairie. A large number of the members of the Catholic Order of Foresters spent Sunday in the town of La Prairie. The farm of John Bier was the scene of their outing. A hearty lunch was carried from this city. The principal part of the feast consisted of a fifty-pound roast of beef.

## TRAMPS ROBBED AN OLD SAILOR

Took His Shoes Off His Feet Between Avalon and This City.

Leaving Avalon by rail an elderly man started to walk to Janesville Saturday, but half a mile from the village he was relieved of a new pair of shoes.

According to the stranger's story it happened in this way: Wishing to go to Janesville and not having the "where-with-all" to purchase a ticket, he started early Saturday morning for this city, walking along the track from the town.

Hardly had the little depot faded from his sight, when two men approached him. He described them as being of Irish nationality and having red hair, that both wore hats full of holes through which their auburn locks stuck out. Without asking any questions one of the men grabbed and choked him while the other proceeded to remove his shoes, having done this the two tramps left as quietly as they came.

The traveller walked on barefooted until he came to a farmhouse where he was given an old pair of boots and in these he continued on his journey.

## DOINGS AT THE RAILWAY CENTER

Personals of Employees in the Local Yards and Along the Line.

The Rock Island has entered the fight for Indianapolis business and is reported as having booked forty Woodmen of the World from Minneapolis by cutting the rate from \$13 to \$10. If the charge is substantial the cut is bound to bring a renewal of the bad feeling displayed between the Chicago-St. Paul lines during the past week.

The impending cut war to eastern points via the St. Paul-Minneapolis line has been partially blown over by the Great Western withdrawing its cheap rate transportation, thus leaving the Soo line with no competitor meeting its eastern rates.

The formation of a railroad line 3,800 miles, extending from Quebec to Fort Simpson on the Pacific ocean, and with a capital of \$75,000,000, was assured, according to the statement of Sir Charles Rivers Wilson, president of the Grand Trunk road.

The Central Passenger association has settled the dispute over differentials, and as a result all railroads out of that territory will use the same rate to San Francisco, when the G. A. R. encampment is held there.

Notice has been received that the new Mankota line of the Milwaukee road will not be open for business for six weeks to two months. The depot at Mankota has not been completed, and thus the delay.

Fireman G. E. Townsend, of the North-Western road, was in Janesville from Madison yesterday.

Martin Hewitt, president of the North-Western road, passed through this city yesterday in his private car.

A considerable portion of the Lake Shore fourth track line between Buffalo and Cleveland will be ready for use by next week.

## TURTLES ABOUND IN ROCK RIVER

Great Big Fellows Are to Be Found in the Neighborhood of the Bridges.

Three large turtles were caught below the Milwaukee street bridge yesterday morning. The shell of the largest, when measured, was found to be nearly sixteen inches in length. This turtle was of the "leather back" variety, or as they are sometimes called "pan-cake turtles," being very flat with a shell nearly round and rather soft. These turtles are of a brown and dark green color, with long pointed heads. The other two reptiles captured were the common snapping turtle.

## BADGER CREW ON HUDSON RIVER

O'Dea's Oarsmen Arrive at Poughkeepsie After a Pleasant Journey East.

Telegraph reports from Poughkeepsie announce that the Badger crew has safely arrived at its destination and that this afternoon they are on the placid waters of the Hudson for their first trial spin in their new racing shell. Not only have the boys been lucky to arrive safely and well and strong but they have also been lucky again by drawing the best position in the three races they are entered in, the four-oared race, the freshman race and lastly the varsity eight race. This is a good omen for the Badgers and another is that they have not been louted to win this year as in the past. They have each year been picked as a sure winner until the real winner had crossed the line at the finish and have never done better than second or third. This year they are merely plugging along and sawing wood and accounts from Madison have been very guarded as to their real condition. Wisconsin's crew is the second to arrive on the field and the coming week will be spent in careful training for the big event.

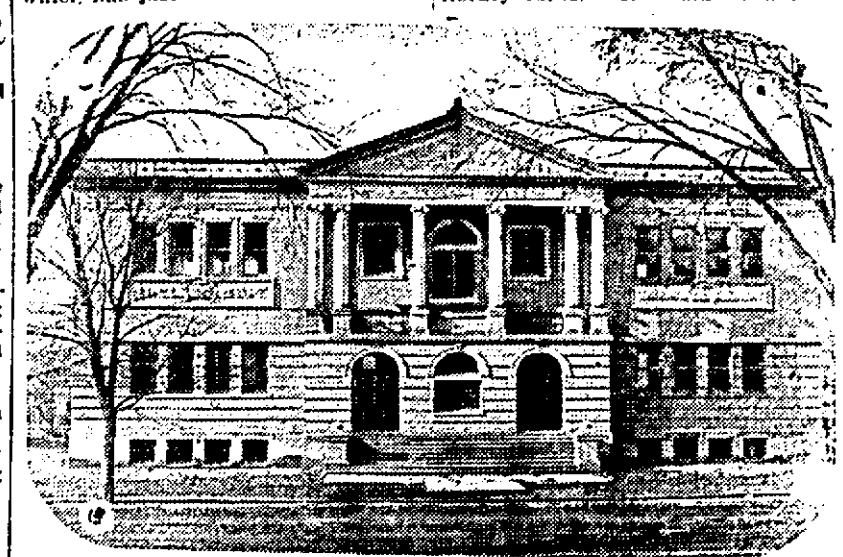

## GOVERNOR IS NOW PUT IN PLACE

Electric Light Plant Is Utilizing All the Water Power Possible.

Down at the Janesville Electric Light company's plant, below the wooden mills, a big governor is being set up for the water wheels. The company has three water wheels at this plant. One hundred and fifty horse power is the capacity of each. The governor is the largest size made and is the Woodward pattern. There are three dynamos; two have a capacity of fifty and one, one hundred and twenty-five are lights respectively. The third dynamo is of 400 horse power, 275 kilowatts. In case the water runs low and the wheels are not able to manage the dynamos, three big boilers with a 350 horse power cross compound engine are kept in reserve. It is not expected that it will be necessary to use the engine often.

### FISHER ON EXECUTIVE BODY

Janesville Man Given Place on Committee of Woodman Camp Clerks. S. M. Fisher of this city was appointed a member of the executive committee of the Local Camp Clerks' association of Modern Woodmen of America, at the meeting of that body which has just closed at Indianapolis.

There are eleven members in the committee, and the honor conferred is no slight one.

## DEAN RICHARDS IS KNOWN HERE

New Head of the University Law School Married His Wife in Janesville.

Professor Henry Sanger Richards, the husband of the former Janesville belle, Miss Mary Holt, has been called to the deanship of the law department of the University of Wisconsin to succeed Dean Bryant, who resigns at the end of the present college year.

Prof. Richards is well known in Janesville and in 1901 he married one of Janesville's society leaders, Miss Mary Holt. He graduated from the Iowa state university in 1892, receiving a degree of B. Ph. In 1896 he received the degree of LL.D. at Harvard university. In 1898 he was called to the Iowa university to take a position as professor in the law department, which position he resigned to come to Madison. He has accepted the call and the Board of Regents went through the formality of electing him formally.

## TO CLOSE SCHOOL WITH A PICNIC

St. Paul's Parochial School Will Go to Crystal Springs, June 23.

The St. Paul's parochial school will close on the twenty-third of June, and the event will be celebrated with a picnic at Crystal Springs park. The pupils will start in the morning and take lunches to the park, coming home in the afternoon. The two teachers will accompany them and the day will be spent in games and exercises. The school has had this year about one hundred pupils. The remaining parochial schools in the city have not made any definite plans for closing exercises as yet. There is not likely to be any graduating classes this year.

## HOW TO USE THE LIBRARY BOOKS

SIMPLE RULES WHICH SHOULD BE EASILY FOLLOWED.

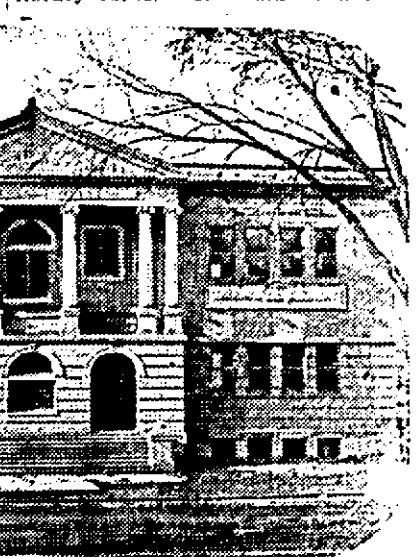

### WILL MAKE WORK EASY

Learn How to Use the Library Properly and You Will Enjoy It More.

With the throwing of the doors of the new Carnegie library open to the public yesterday afternoon, the reading public can once again avail themselves of the thousands of volumes that are shelved in that vast building that faces the Court House park and is the gift of Andrew Carnegie and a fellow citizen of many, the late F. S. Eldred.

### Princely Gift.

It is a princely gift and one which any city may well be proud of owning. It is most perfectly arranged and the open shelving makes it possible for all to go behind the railing and pick out just what volume they wish. In order to do this properly and advisedly the following list of instructions for future readers has been prepared by a member of the library force. It would be well for

the persons using the library to read this carefully and then follow the rules laid down.

To find resources of library on any subject consult:

1. Card catalogue—In which a record of all books in non-fiction may be found alphabetically arranged by author.
2. Shelf list—In which a record of all books in non-fiction may be found classified according to subject.

Shelves—All books on one subject stand together.

The same information may be obtained by consulting shelf-list or shelves: The shelf-list being a record of all books in the library exactly as they stand on the shelves.

The library is classified according to the decimal classification, which is considered to be the most satisfactory one in use.

There are nine main classes and these are numbered 100-900. Cyclopedias, periodicals, etc., so general in character as to belong to no class are marked 000 and form a tenth class.

Each class is separated into nine divisions, general works being put under the general class number.

Divisions are divided into nine sections and the process is repeated as often as necessary.

**General Classification**  
The main classes are: 000 General works; 100 Philosophy; 200 Religion; 300 Sociology; 400 Philology; 500 Science; 600 Useful Arts; 700 Fine Arts; 800 Literature; 900 History; 920 Biography; 921 Collected Biography.

There is an index to the decimal classification from which the class number of any subject may be found. Any book whose subject is known may be located on library shelves by referring to the index and finding its class number.

Fiction is in a class by itself and is distinguished by the omission of a class number.

Books are arranged on shelves in library with class 100 on the stacks farthest to the right as you enter. Classes are arranged on shelves according to class number up to 900—History and 920 Biography.

Fiction is shelved on the two stacks to the left on entering.

On the north wall of reading room are shelves accommodating about 600 of the best books which the library contains.

The newest and most representative books of each class are in this collection and it is made for the purpose of assisting in the selection of a book, giving readers and borrowers the opportunity of reading and examining at leisure.

### Indexes

Poole's Index to periodical literature indexes. All the most important magazines from 1802 to 1902. Cumulative index (monthly) to periodicals.

To find periodical literature on any subject consult indexes under the subject word in the following order: Poole's Index . . . . . 1802-'82  
Poole's Index . . . . . 1882-'87  
Poole's Index . . . . . 1887-'92  
Poole's Index . . . . . 1892-'96  
Poole's Index . . . . . 1896-'02

### Cumulative Index

Last monthly number and quarterly accumulations.

References in indexes are to volume and page of the magazine e.g., 51:666—Vol. 51, page 666.

The library contains complete sets of Harper, Century, Atlantic, Review of Reviews, and Scientific American. The volumes have been purchased to complete Arena, Carver's, Forum, Catholic World, Cosmopolitan, Engineering, McClure, Munsey, New England, North American Review, Popular Science, Pub-

lic Opinion, Political Science Quarterly, Outlook and others. When these have been received and are available, together with the general reference works, the library will have an unusually good reference department.

## GARRISON TAKES THE MYERS' HOUSE

Well Known Hotel Manager Will Assume Control of Remodeled Hostelry.

After several days spent in negotiations John H. Myers and his brother, Peter L. Myers, last night closed the deal whereby the property known as the Myers hotel is to be remodeled throughout and Col. A. J. Garrison, one of the best known hotel men in the northwest has been given a lease for a term of years. These facts were all announced in last Thursday's Gazette but the papers were not signed until last night.

### Plans Fixed.

Col. Garrison will assume control at once taking possession on Monday next while the improvements will be begun this week under the supervision of J. H. Myers. Mr. Myers has personally guaranteed that the work will be the finest possible and he will superintend the disbursement of the \$11,000 which will be expended for improvements. With J. H. Myers in charge it is a guarantee that the work will be well done.

### As now outlined the improvements

will embrace remodeling the office in such a way as to give one main entrance instead of two, placing French plate glass windows across the front redecorating the office interior, installing a new steam heating system, placing baths in twenty rooms, painting the exterior, and improving the appearance of the toilet rooms.

Mr. Garrison who gives his address as Chicago, is a well known hotel man, having for some time managed the Nelson at Rockford with a high degree of success.

### Ten Year's Lease.

The lease has been granted for ten years, which will insure a well conducted house in the finest location in the city. Mr. Garrison will take control of the hotel the first of next week. The contract for painting has been let to S. Hatchinson & Sons, and the work will begin this week. The sample rooms will be shifted to the basement, and the toilet rooms to the first floor, back of the present bar room.

### Other Improvements.

Independent of the improvements which will be made by J. H. and P. L. Myers, under the supervision of J. H. Myers, Mr. Garrison will put new furniture into the hotel, paying especial attention to the fittings of the dining room.

"It was almost a miracle. Burdock Blood Bitters cured me of a terrible breaking out all over the body. I am very grateful." Miss Julia Filbridge, West Cornwall, Conn.

Monarch over pain. Burns, cuts, sprains, stings, instant relief. Dr. Thomas' Electric Oil. At any drug store.

All the healing balsamic virtues of the Norway pine are concentrated in Dr. Wood's Norway Pine Syrup, nature's own remedy for coughs and colds.

It's folly to suffer from that horrible plague of the night, itching piles. Doan's Ointment cures quickly and permanently. At any drug store, 60 cents.

### If the Baby is Cutting Teeth

Be sure and use that old and well tried remedy, Mrs. Winslow's Soothing Syrup for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhoea. Twenty-five cents a bottle.

Mrs. Siebert, Field of Racine is in the city, the guest of Mrs. Philip Knippenberg.

## Summer Wash Goods

Here is an opportunity to buy them much under the regular prices. Pre-inventory sales held by the various Chicago wholesale houses within the past week was the means of securing a choice collection of desirable styles in their wash goods, such as fine lace stripe organdies, dimities, batiste, etc., in such colorings as pink, blue, lavender, also white grounds with black and colored figures, and black ground with white and colored figures. About fifty pieces in the lot, regular values of which would be up to 35c per yard. All on sale at a choice per yard..... 18c

Other special value lines of wash goods at 5 cents, 10 cents and 12 cents, all of which represent higher cost lines.

Skirts and Suits

This end of the store is a busy place every day, and the present is a very good time to buy a suit as prices are down to a low basis. Skirts of Brillantines, Etamines, Crashes, &c, are selling well and you will find all the new ideas here.

June Millinery

Miss O'Neil in her visit to the Chicago market last week secured some choice styles suitable for the summer season, including pattern hats as well as a big line of outing hats, and the present display of late novelties is worth a visit to see. Take a short cut and walk through.

## THE CONFESSION OF A WIFE.

"I Would Have Been in My Grave Long Ago Had it Not Been for

## Paine's Celery Compound

This is the closing sentence of a thankful and grateful letter of testimony written by Mrs. P. Hoffman, of Kylestown, Pa. A complication of liver trouble, kidney disease and stomach neuralgia resisted the best treatment of an able and experienced family physician. When all seemed dark and gloomy, a kind Providence directed an anxious husband to have his wife make use of the medicine that saves even in the eleventh hour. Paine's Celery Compound gloriously triumphed; it removed waste and poisonous matters from the blood, toned every organ and nourished she says:—

"For about four years I suffered from liver and kidney troubles and neuralgia of the stomach. My doctor could do nothing for me. My husband read about Paine's Celery Compound and bought some for me. After using one-half bottle I was able to be out of bed. I used two bottles and can now do my own house work. Paine's Celery Compound is the best medicine in the world, and I recommend it to all sufferers. Had it not been for Paine's Celery Compound, I would have been in my grave long ago."

COTTON EXPORTS

Cotton is still king in the export records of the United States, and its record in the present year is likely to surpass that of any preceding year. The value of raw cotton exported in the 11 months ending with May 19, according to the preliminary figures of the Treasury Bureau of Statistics, \$308,747,095, which is five million dollars in excess of the highest month's figures heretofore recorded by this preliminary statement. The highest 11 months' record for any earlier year was that for eleven months ending with May, 1901, when the total stood at \$303,497,617. Should the figures for June equal those in the preceding years the total for the fiscal year would be 317 million dollars, or 4 million in excess of the banner year, 1901. The quantity exported this year is not as great as that of the years 1898 and 1899 but owing to the higher prices received, the value is very much greater than that of those years; and, as already indicated, larger than that of the corresponding months of any preceding year. The total quantity exported in the 11 months ending with May, according to the preliminary statement, is 3,481,353,257 pounds; against 3,208,621,473 pounds in the corresponding months of 1901, when the value was five million dollars less than at the present time, and 3,721,310,003 pounds in 11 months of 1898 when the value was but \$22,114,180. Thus the total quantity at the present time is 240 million pounds less than that of the corresponding 11 months of 1898, but the value is 86 million dollars in excess of the value for the corresponding period of that year. The average price per pound of the cotton exported, determined by dividing the number of pounds into the value stated by the Bureau of Statistics records, is, for the 11 months ending with May 1903, 8.87 cents, as for the 11 months ending with May, 1898, 5.59 cents.

Comparing the total values of cotton exported with those of preceding years, it may be said that 1903 seems likely to show the largest total value in raw cotton exports of any year in the history of our commerce. In 1848 the total value of raw cotton exported was in round terms, 62 million dollars; in 1860, 192 millions; in 1870, 227 millions in paper, but 184 millions stated in gold, in 1880, 211 millions; in 1890, 250 millions; in 1900, 242 millions; in 1901, 313 millions; and, as already indicated, seems likely to be, for 1903, 317 millions.

FINANCIAL SUPPORT

Mr. Charles S. Mollen, president of the Northern Pacific railway company, is a great admirer of President Roosevelt. It has been stated upon good authority that the money kings of Wall street are opposed to the renomination of the president, and that financial aid for the campaign would be withheld on that account. This opposition is due to the merger suits instigated by Attorney General Knox, and encouraged by the president. These suits proved disastrous to the Northern Securities company, and was a check to many smaller ventures of the same class. Mr. Mollen comes to the front with a proposition to contribute \$10,000 to the next republican campaign fund, and while his action will not influence J. P. Morgan and his associates, it will be heartily endorsed and followed by any army of smaller financiers. The decision in the Northern Securities case created a revolution and resulted in heavy loss to the men interested, but it was a wholesome decision for the country. The Wall Street Journal in commenting on it says: Considering the disclosure made by

the recent decline in security values of the penalties attaching to reckless finance it may well be asked where we should be today if the law had not been set in motion against the Northern Securities company. Suppose, for instance, that we had had a flood of securities companies doing business in all parts of the country as was threatened for awhile after the organization of the Northern Securities company. What would have been the financial result? Would it not have meant a carnival of speculation and a manufacture of securities on an unheard scale, and would not the ultimate result have been a panic of extraordinary severity? The legislation has been troublesome enough as it is as every one in the financial district will testify. A great many people who cried out against what they affected to regard as an attack upon property interests have today cause for heartfelt gratitude that halt was made when it was made.

CAUSES OF FAILURE.

The National Credit Men's association recently held a convention in St. Louis. The principal address was made by F. W. Yale, one of the leading members in which he defined the leading causes of business failures. They were placed in the following order. First, lack of sufficient capital. Second, overtrading. Third, overbuying, which he said was a service of the devil. Fourth, incompetency. Fifth, questionable habits such as intemperance and gambling. Sixth, fraud or dishonesty. The ability of credit men to discuss this important subject, will not be questioned, because their life is devoted to a study of conditions. They are the best paid men connected with mercantile houses and their judgment is seldom in error. Many people have a notion that failures usually result from dishonesty, and the man who makes a wreck of business is unjustly accused, and regarded with suspicion. You will notice that Mr. Yale places this class of men at the bottom of the list. The large majority of men who fail, lack judgment, of one kind or another, but few of them are dishonest. The man who builds a house without counting the cost represents 30 per cent of the men who fail in business. This is a failure of judgment.

TARIFF ECHOES.

Prosperity has been an effective anti-toxin in fighting the microbes of Populism.—Albany "Evening Journal" The Republican believes in that protection that protects the employer and employee against the products of foreign countries created by cheap labor.—Davenport (Ia.) Republican. The main Iowa idea appears to be to get something. They are after the vice-presidency now.—Philadelphia "Press".

Canada wants increased protection instead of more reciprocity. The tie that binds the Canadian to the mugwump system of economic procedure seems to be tow.—Boston "Journal".

The imports of the United States for the year ending with March aggregated the record breaking figure of one billion dollars. It may be that we really have a tariff wall about us, but it isn't too high to scale.—Terre Haute "Tribune".

The prosperity of the country is based on the solid rock of a sound economic policy, and it will stand. The American people are not so weary of prosperity and it will not be next year or for many years that a free-trade candidate will be elected president of these United States.—Trenton "Gazette".

Overtrading, and overbuying are also elements of weakness while incompetency is a failing that only experience develops. The man who wrecks his business by forming bad habits, is the victim of a weak mind. It is gratifying to know that a large majority of mankind are disposed to do right.

Stocks in New York last Wednesday, touched the lowest point that has been reached since the May panic of 1891. They rallied later and the tendency of the market is now upward. Crop prospects are improving and the general outlook for business is good. Railroad earnings show an increase of eight per cent for the month of May.

Wm. R. Hearst, of the New York Journal, and Chicago American, is busily engaged in booming himself for the presidency in 1904. By creating class prejudice, he hopes to be able to organize a labor party that will be glad to support him because he poses as the friend of organized labor. The scheme is visionary and will never materialize.

Senator Hanna sounded the keynote of the republican campaign in his Ohio speech, when he said, "I once said let well enough alone" and then added, "for God's sake, keep letting it alone." He was discussing the protective tariff, and the sentiment so tersely expressed, will be generally endorsed by the party.

Milwaukee News.—It cost a fortune to pull off the Hanna-McCormick

wedding, but the youngsters would be just as tightly wed if they had walked around a corner to the nearest justice of the peace and paid him half a dollar for doing the job.

PRSS COMMENT.

Marquette Eagle.—A woman's idea of shopping expedition is to visit every store in town without buying anything.

LaCrosse Press:—Wisconsin is almost the only western state which has been able to dodge the cyclones and floods of 1903.

Milwaukee Free Press.—It is certainly getting pretty close to Mr. Payne when his confidential secretary is spotted as a grafter.

Waupaca Record.—We can understand why the mayors of the state could have chosen Oshkosh as a convention place. But how lonesome the good Sunday school workers will be.

Superior Leader.—This section of the country seems to be situated too far east for floods, too far west for forest fires, too far north for tornadoes and far enough south to keep from freezing to death.

Milwaukee Sentinel:—Those who point to occasional concrete examples bearing out their claim that college education is a failure should remember that it is not claimed that a college course can make a silk purse out of a sow's ear, or a silver whistle out of a pig's tail.

Fond du Lac Reporter.—Monday will be observed as Flag day in Fond du Lac and every flag in the city should be displayed. The stars and stripes are entitled to a royal birthday celebration. The flag that commands the respect of the world must not be neglected at home. Let everything be red, white and blue next Monday.

Waupaca Post.—It is a significant coincidence that, as long as Dr. Ellis Usher was on the field at Madison, no great legislation was passed, and as soon as he had gone east to fill a more pleasant and lucrative position, the members of the legislature settled down to business and did most excellent work. Of course it was only a coincidence.

Jefferson County Union.—President Roosevelt seems to have gathered new courage in his fight against the encroachments of the trusts in his western trip. The withholding of trust contributions for the republican campaign, and the bestowal of the same on the democratic committee is one of the late threats. The republican party will be better off without trust money than with it.

Plymouth Review.—The opponents of Governor La Follette are contending for no principles, but rather ridicule principle. They deride any effort at improving the political conditions in the state as impractical. They oppose all change in spite of the fact that there are thousands of people who avoid politics as something too corrupt with which to come in contact. No true friend of republican institutions can look with complacency upon conditions in political affairs so bad that they disgust honest men.

Buchanan Read's old home near Cincinnati was recently sold at auction for \$12,000. It was in this historic house that the famous poem, "Sheridan's Ride," was written. The estate was purchased by a Cincinnati saloonkeeper, Robert O'Brien, by name. The house has a plate on the wall with an inscription as to the former ownership by Read.

Advance in Agricultural Science. Tomato plants have recently been grafted on potato plants, giving a crop of tomatoes above ground and of potatoes below. Potatoes grafted on tomatoes have produced flowers and tomatoes and a few tubers.

Ald Dead Sea Railway. Mussulmans over the world have contributed \$2,500,000 to the construction fund of the Hedjaz railway from Damascus to Mecca. The road is finished past the Dead sea.

## YOUNG WOLETZ WAS ARRESTED

ESCAPED REFORM SCHOOL PRISONER CAUGHT THIS MORNING.

## TRIED TO GET AWAY

Fell In a Ditch and Was Pulled Out By Deputy Sheriff Fisher.

Locked up behind the bars of the county jail John Woletz, the youthful Waukesha industrial school prisoner, is meditating what will happen to him when the superintendent arrives tomorrow and he is once more taken back to his home for some years to come. Woletz is the youth who was allowed to leave the school to attend his mother's funeral and after her remains had been laid at rest took French leave of the sheriff's officers, leaving them minus their charge.

**Caught This Morning**  
Young Woletz was captured this morning by Deputy Sheriff Ira Fisher on Pete McCune's farm at Bass Creek. Sheriff Appleby had learned he was there and knowing that if he put in an appearance the boy would know him, sent Deputy Fisher out to bring him back.

**Fell in Ditch**  
When Fisher arrived at the farm Woletz was at work but the moment he saw the officer he started to run. In his haste he fell into a deep ditch and his capture was accomplished easily. He was brought back to the city and is now in jail waiting the arrival of an officer from the reform school to take him back to finish his sentence.

**A Bad Boy**  
Eighteen months ago John Woletz was found guilty of robbing a tool house and was sent to Waukesha by Judge Field. He was paroled last winter and was again arrested and sent back to school April 28 having been found to have arranged the plans for several small boys robbing a freight car of whiskey and other goods. On the death of his mother ten days ago his father begged so hard that his son might be brought to the funeral that Sheriff Appleby went for him and brought him here. He was turned over to his father and after the funeral the boy disappeared.

**Arrested Father**  
Anton Woletz, the father, was arrested on the charge of aiding his son to escape and his case is still before the court, he being out on bail furnished by an alderman and a prominent business man. Young Woletz will now have to serve the remainder of his term out or until he is twenty-one years old.

## QUALIFYING ROUND IS BEING PLAYED

Richardson Medal Contest Begins At Sinsissippi Club—Ranking of Members of Team.

Leo Brownell now leads the Sinsissippi Golf club team in rank. The following is the ranking of the twenty-three members of the team as it is now chalked up at the clubhouse. The team men play at least one match a week to determine their ranking. The names are given in the order of their rank.

Leo Brownell, O. Sutherland, F. J. Baker, Al Schaller, H. Carter, C. Schaller, C. Achterburg, J. P. Baker, H. S. McGiffin, Frank Jackman, C. C. MacLean, F. E. Fifeid, Ross King, Charles Dunn, Ed. Hyde, S. D. Tallman, George Baumann, Ed. Baumann, George Brownell, R. W. Hill, Art Harris, Charles Gage, H. Haggart.

The qualifying round for the Richardson medal is being played this afternoon. The first men started out at 1:30. A mixed foursome approaching the putting contest will begin at four o'clock, and a supper and dance are offered as inducements to the players and other club members to spend the evening at the clubhouse.

## ALDERMEN LOOK AT CITY'S NEW LIGHTS

Lighting Committee Makes Trip of Inspection Under Guidance of Members of Lighting Co.

Under the guidance of representatives of the electric company, Aldermen Judd, Sale, Connell, Murray, and Hemming—the lighting committee of the common council—last evening made a trip over the sections of the city lighted by the newly installed pattern of lights.

A light tester was used to determine the relative strength of the new lights and the old. By this piece of apparatus the aldermen inspectors were enabled to discover the exact degree of superiority of one light or the other.

It seemed to be the opinion of the majority of the party that the new lights were fully as strong as the old, while the light was steadier, and no shadow was cast directly beneath as is done by the old type. There are twenty-two lights of the new type, all on the west side of the river. They are located principally on West Milwaukee, South Jackson, and Pleasant streets.

## ELKS' OFFICIALS WENT TO BELOIT

Members of Madison Lodge on Their Way to Scene of Installation of Lodge Tonight.

District Deputy H. C. Baker, Exalted Ruler M. Breckheimer, Secretary J. P. Breitenbach, Esquire Southwick and several other members of the Madison lodge of Elks were here this morning en route to Beloit, where they will make final arrangements for the installation of a lodge in that city tonight. The Madison lodge, sixty strong, will go through this city at 4:05 this afternoon bound for Beloit. The local lodge will follow on the inter-urban, taking the 5:15 and 7:15 cars. It is hoped to have the return car held until one o'clock. The Madison lodge will have charge of the work. J. J. Pecher of this city, formerly of Madison, will assist in the work.

## TEACHERS AT BLIND SCHOOL

STATE BOARD OF CONTROL HAS MADE APPOINTMENTS.

## SEVERAL ARE TO RETURN

Half a Dozen New Instructors to Come to the State Institution Next Fall.

Supt. C. R. Showalter was elected to succeed himself as superintendent of the State School for the Blind for the coming year. Ten of the teachers who have held positions on the faculty during the past year will return next fall. There will be half a dozen new teachers, all of whom are regarded as highly qualified to fill the positions.

**New Department Introduced**  
One innovation of the coming year will be the introduction of manual training. The trades courses have been kept up in the past to give manual dexterity, and the manual training is to be taken up as a more educational method of attaining the same end. Only simple apparatus will be used for the work. Frank Froelich, who graduates this month from the manual training department of the Oshkosh Normal school, will have charge of this course.

**Instructors in Trades**  
The other teachers who will have charge of the work in trades and kindred subjects are Miss Parks, Messrs. Arnold, Harvey, Preston, who have been occupying similar positions during the past year, and Miss Hehn of Detroit, who has been appointed to the state board of control to assume charge of the department of cooking. Miss Harris will continue to direct the gymnasium classes.

## Literary Department

In the literary department Miss Watson, Miss Tuttle, and Miss Benson will remain, and the additions to the force are Lavern Brooks, of the class of 1903 of Lawrence university, Mr. Rootz, who for the past year has been principal of the schools at Albany, and Miss Lizzie McGrath, who will teach kindergarten classes.

## Teachers of Music

Mrs. Jones will continue in her place as head of the department of music and Miss Engleson will assist her as during the past year in the piano work. Miss Elisabeth Korner of Detroit is a new addition to the faculty. She will have charge of the vocal work. Mrs. Curtis will remain as matron and Miss Kendall as clerk.

## MICHAEL HICKEY DIED LAST NIGHT

Had Lived in Janesville Nearly Half a Century—Ill for Short Time.

Only.  
At half past five o'clock yesterday afternoon the final summons came to Michael Hickey at his home on Ringold street, and his spirit went peacefully out to the world beyond.

Mr. Hickey was 74 years old. He was born in County Clare, Ireland, and came to this country in 1848, locating in Connecticut, where he resided for a few years before coming to Wisconsin. Had he lived until August Mr. and Mrs. Hickey would have celebrated their 53rd wedding anniversary.

He had been in good health until recently, but the disease that attacked him baffled skill and loving care and he failed rapidly until the end came. Conscious to the last and surrounded by his family, he bade them a loving farewell and after partaking of the last sacrament of the church, of which he was a devoted member, he closed his eyes in the sleep that knows no awakening.

Mr. Hickey's home was his paradise. He was a thoughtful husband, and loving father, and his absence from the home will prove a loss that will be keenly felt. A man of kindly disposition, and genial temperament, he always had a pleasant word for friends and neighbors.

Besides a wife, one son, James F. Hickey, of Milwaukee, and four daughters, Mrs. Thomas Dolan and Miss Mary Hickey of Milwaukee, and Miss Sarah and Miss Kate of this city, are left to mourn. The funeral will be held at St. Mary's church, Wednesday morning at nine-thirty.

Barn Warming at Center: About a dozen Janesville people drove out to the home of F. H. Bemis in the town of Center, where they attended a merry barn warming. The spacious floors gave opportunity for some jolly dances, to the music of Smith's orchestra.

## PICNIC TO-MORROW BY G. A. R. POSTS

Will Spend the Day at Ho-No-He-Gah Park—Elaborate Program Planned.

The intent of the invitation from Posts 54 and 20 of the G. A. R. to all Posts and kindred organizations to attend their picnic on the 17th, was to embrace the families and friends of the soldiers. It is not known at this date that the soldier of the late, great struggle for the life and permanence of the union, has any enemies today, either north, south, east, or west.

The G. A. R. picnic arranged for tomorrow, the 17th, will take place rain or shine. If a rainy day the park end will be cut off, and the exercises will be held in a commodious hall in Beloit. In the event of pleasant weather after exercises any one wishing to visit the park can have an opportunity to do so later in the afternoon.

## NEWS OF A PERSONAL NATURE

George Charlton has shipped a car load of horses into Michigan.

Mrs. George Crolius, of Chicago, formerly Miss Margaret Holleran, is the guest of her parents, Mr. and Mrs. M. Holleran.

Mrs. Chester Brewer and daughter of Albion, Mich., is the guest of her mother, Mrs. Brownell, Forest park.

Mr. and Mrs. Fred Viney, Charles Viney, Theo. Smith, Mollie Francis, and Charles Heddies formed a Lake Koshkonong fishing party yesterday. W. F. Ehler who has been employed at Fleck's music store, has left to take a position in Spring Grove, Minn.

Next Sunday a ball game is scheduled to come between the boys of the Porch Shade factory and the Viney Colts; an exciting game is expected.

E. D. Kennedy of Dover Hill, Ind., has taken the place of Osar Foy, the former night operator at the Rock River interlocking tower. Mr. Foy has left for a position at Oakwood, Wis.

Miss Amy Ross has just closed her year's teaching in the Austin district. Last night she took the train for Toledo, Iowa, where she will join a cousin, who will accompany her to Coon Rapids, Iowa. Here she will visit relatives and friends for several weeks. Before their return home she will visit her uncles at Canton, S. Dak.

The largest strawberry crop that Janesville has had for years is now being picked. The grower who supplies Grubb has eight acres of berries, which are selling at the store for \$1.10 per case of 16 quart boxes, or a little less than 7 cents per quart. The berries are now large and firm for putting up and will keep in the jars better than soft berries canned at the end of the season.

The maple sugar harvest has been very light this spring and many sections are unable to supply even the home demand. Grubb now has the last direct shipment of really fine sugar obtainable and is asking only the price made earlier in the season of 14 cts. per pound.

The man who cannot eat half a loaf of Grubb's home-made potato bread at a meal is certainly not a well man because we know there is no other bread made so appetizing.

## LOCOMOTIVE IS BADLY DISABLED

TRIES TO GO IN TWO DIFFERENT DIRECTIONS.

## 4:05 PASSENGERS IN A WRECK

Northwestern Traffic Tied Up By Switch Accident at the Five Points.

Traffic in the North-Western yards in this city was delayed for some hours late yesterday afternoon by a derailed engine. The accident occurred at the Five Points, at the At-ton line switch.

As the 4:06 train from Madison to Chicago struck this switch, which appeared to be open, several of the wheels of the locomotive refused to take the switch, and continued on the main track. The speed which the train had reached was so great that although the air brakes were set the locomotive plowed over the ties for nearly ten rods before coming to a halt.

**A Rough Journey**  
Engineer Miles and fireman Johnson were in the cab. The latter jumped, but Miles stayed in the engine to the end of its rough trip. The locomotive weighed about ninety tons, and was of the type known as class A. It bore the marks of its reckless journey. Its driving parts were broken and twisted, and nearly two hours were occupied by the wrecker in getting it back on the track.

**Passenger Is Late**  
None of the cars left the track, and they were immediately pulled back to the station. A fresh engine and crew pulled them out nearly an hour late.

During the past two months two other engines have left the track at the same point, due it is supposed, to a split in the switch which allowed the wheel flanges to enter.

## FOOTVILLE

Footville, June 15.—Anyone having lost a brooch pin at the Grove cemetery on Decoration day, will find the same at the home of Mr. P. H. Torpy, Footville.

Children's day was observed at the Christian church Sunday morning. The program was well rendered, and what was the most important there was a good collection.

On Friday evening at five o'clock Mr. and Mrs. W. H. Cory entertained a company of friends to an elaborate tea of three courses, served by their daughter, Zoe, who did herself much credit, after which they were escorted to the parlor where another feast was in store for them, it being a musical, which surely was a rare treat to all lovers of music; the company dispersed at a late hour, all expressing themselves as having spent an evening not soon to be forgotten.

Mr. Harry F. Silverthorn of Footville and Miss Julia Osgard, youngest daughter of Mr. and Mrs. C. O. Osgard of Orfordville, were united in marriage at five o'clock on Wednesday afternoon, June 10, 1903, at the spacious home of the bride's sister, Mrs. O. A. Peterson, in the presence of the immediate relatives. Rev. O. J. Kvale performing the ceremony, the bride standing beneath a canopy of ferns and roses placed before the large window in the parlor. Miss Jennie Silverthorn acted as bridesmaid and Mr. Neil Osgard as best man. The bride was attired in a gown of soft white silk, with an all over lace yoke and bridal veil, and carried white carnations. The groom wore the conventional black. The bridesmaid was dressed in white organdy and carried pink carnations. The rooms were beautifully decorated with roses, ferns, carnations and peonies. Leaver's orchestra was engaged to play the wedding march and to furnish music at the wedding feast and during the evening. Shortly after the ceremony the guests were seated to partake of the dainty wedding supper which was served in four courses. The menu was as follows:

Creamed potatoes Roast pork  
Hot rolls Deviled eggs  
Olives Radishes Celery  
Tomatoes & cucumbers with salad dressing.  
Salted wafers  
Strawberry short cake with cream  
Cake and coffee

Mrs. Chas. Leaver and Mrs. Chas. Engen of Brodhead were engaged as caterers and the Misses Ora Kaatrud, Callie Lacey, Florence Owen, Laura Jensen, Carrie Guelson, Clara Sater and Mabel Taylor served. Ice cream and cake were served during the evening. The happy couple will make their home in this place where Mr. Silverthorn is engaged in his father's store. They will visit among relatives awhile and after June 22nd they will be at home to their many friends in this village.

Mrs. Macalina and her husband who has been visiting her mother, Mrs. Carrie Bennie returned to their home in Fulton, Ill., last week.

Mrs. Minnie and Ella Pepper spent Sunday in Milton with Mrs. Marvin Downing.

## Chicago's Centennial Celebration

The Chicago & North-Western R'y announces that much interest is being evinced throughout the west in Chicago's celebration of the 100th anniversary of that city's settlement in 1837. The celebration will take place from September 26th to October 1st, next, with a program that includes a series of commemorative events that possess many special features of interest. A great naval display will be a part of the program, together with regattas and the spectacular arrival in canoes, by way of the lake, of 400 Indians, the descendants of tribes formerly occupying this site, who will establish a village around a reproduction of old Fort Dearborn, on the lake front.

Athletic contests, parades, great fireworks displays, patriotic meetings and religious services, a grand chorus, military maneuvers by government troops, and on the concluding day a reception to the president of the United States and other distinguished guests, all contribute to a most elaborate program.

Every energy is being employed to make the occasion typical of that spirit that has made Chicago one of the greatest cities in the world.

Noted Lawyer Dies.

Seattle, Wash., June 16.—John F. Dore, noted criminal lawyer, died of heart disease.

One of the essentials of the happy homes of to-day is a fund of information as to right living and the best methods of promoting health and happiness. With proper knowledge, each hour of recreation, of enjoyment and of effort may be made to contribute to that end and are of not less value than the using of the most wholesome foods and the selecting of the best medicinal agents when needed. With the well-informed, medicinal agents are used only when nature needs assistance and while the importance of cleansing the system effectually, when bilious or constipated, has long been known, yet until within recent years it was necessary to resort to oils, salts, extracts of roots, barks and other cathartics which were found to be objectionable and to call for constantly increased quantities.

Then physicians having learned that the most efficacious laxative and cathartic principles were to be found in certain plants, principally in the leaves, the California Fig Syrup Co. discovered a method of obtaining such principles in their purest condition and of presenting them with pleasant and refreshing liquids in the form most acceptable to the system and the remedy became known as—Syrup of Figs—as figs were used, with the plants, in making it, because of their agreeable taste.

This excellent remedy is now rapidly coming into universal use as the best of family laxatives, because it is simple and wholesome and cleanses and sweetens the system effectually without disturbing the natural functions and without unpleasant after effects and its use may be discontinued when it is no longer required.

All who would enjoy good health and its blessings should remember that it is the one remedy which physicians and parents well-informed approve and recommend and use and which they and their little ones alike enjoy, because of its pleasant flavor, its gentle action and its beneficial effects.

Syrup of Figs is for sale by all reliable druggists, at the regular price of fifty cents per bottle, in original packages only, having the name of the remedy—Syrup of Figs—and the full name of the Company—California Fig Syrup Co.—printed on the front of every package.

## Coming Attractions.

John W. Vogel's Big Minstrels Wednesday and will present a program, which for genuine novelty has never before been attempted by any other minstrel manager. The company is a large one and every artist has been selected with great care for his respective worth. One surprise follows another in rapid succession from the rise until the fall of the curtain. Those who have seen the clever performers in this attraction will wish to see them again, and those who have not had an opportunity of witnessing the entertainments should do so now, and spend an evening of rare enjoyment, guaranteed to satisfy the most exacting amusement seeker as the Great Gregory, the world's greatest hoop roller, which has been engaged at the enormous salary, is alone worth the price of admission.

## ...Forty Years Ago...

Janesville Daily Gazette, Tuesday, June 16, 1863.—The new movement of Gen. Lee has thoroughly alarmed the threatened states. The proclamation of the governors of Ohio and Pennsylvania appeal with earnestness for the people to turn out and defend their homes.

The first through passenger train upon the Atlantic and Great Western railway arrived at Akron from New York on Monday evening. It was made the occasion of quite a demonstration by the citizens of Akron. Trains will be running regularly between New York and Akron.

Why a Dog Waggle His Tail.—Lord Dunderberg tells his friends the solution of this difficult riddle: "Because the dog is stronger than the tail. If he wasn't the tail would waggle the dog."

It is ascertained that the main portion of the Army of the Potomac have retired from the line of the

Rappahannock, a movement rendered necessary by that of the enemy.

All wounded and sick, a large number have been brought away and transferred to hospitals in the vicinity of Washington. The exact whereabouts of Gen. Lee is supposed to be at or near Thoroughfare Gap.

The meeting at the Union Club rooms last night, to take further measures for organizing a company of home guards, in pursuance of the law passed last winter, in this city, was organized by calling J. M. Burgess to the chair and H. T. Selby to act as secretary.

It is ascertained that Hooker left the station near Falmouth on the morning of the 14th and proceeded towards Dumfries, where there was rest for the night. Early Monday morning they proceeded on the road to Fairfax station, where they probably arrived Monday night.

## Charming Summer Waists

LL summer modes are pretty, though some are more attractive than others. This is practically the first season of which I can remember when I could conscientiously make such a statement as that. To think of a time when a woman, who spends much of her time investigating, criticizing and studying reasonable modes being able to say that she had found none that were not pretty. That in itself tells a wonderful tale of what the season now upon us is to be.

Lace of every description, from the finest blonde makes to the coarsest specimens of crochet and guipure, adorn practically every model, from the boating serge or linen to the gorgeous toilettes for ambitious summer festivities.

In materials the choice is wide, but there is no doubt that the best frocks are made of simple fabrics that lend themselves admirably to tuckings, gaugings and beautiful stitchings, such as fastidious women demand. Voles of various makes and in all shades have been a feature of the early spring and still continue popular. For the smart toilette de ville Paris is faithful to big spots, two of her favorite mixtures being brown and gray, and cream and red.

The killed and the plaited skirts are much worn in the coarser makes of voile and hopsack, just clearing the ground at the back with that becoming tilt which is so essentially French. In all such cases the boleros are very short and show either a wide belt of colored leather or a draped band of taffeta, with a full blouse beneath.

I have selected a group of waists for the artist to illustrate to you, and will add to his pictures a slight description. A charming blouse, which is known as the Mima, is made in white glace silk, gracefully tucked in long lines, which run downwards towards the waist, and which appear also on the upper part of each sleeve. This blouse has a square collar of stitched white glace silk, piped with green, and cut out in quaint curves in quite a novel way above the stole ends, which finish the collar in front. Similar curves and

strappings, finished also with stole ends, appear upon the sleeves, which are very full below the elbow, and there is an inner vest of ivory-white guipure, the effect of which is particularly dainty.

A trimming of deep silk fringe in ivory-white adorns another blouse of which a sketch is given, the fringe being arranged so that it has the effect of a berthe. The blouse, in this case, is made in ivory-white crepe de chine, with narrow shell tucks across the front below the fringe, and a soft tie of gray-green silk draped in and out round the neck, and then drawn down the front, where it is finally finished with silk cord ornaments. Above the fringe there are applique motifs and medallions forming a kind of shell-shaped trimming all the way round, while on the collar, and again at the wrist, there are rouleaux in green-gray silk, and strappings of white crepe de chine fastened with small buttons in dull gold.

Quite the latest and smartest thing in the way of blouse-coatee may be seen in another sketch, carried out in black chiffon, and known as the "Celeste." The coatee is arranged with a number of very deep tucks back and front, the gracefully hanging sleeves being also tucked horizontally from the shoulder downwards. The trimming of this very smart little garment consists of wide bands of black velvet ribbon, connected with halpin stitching, and finished with very pretty drop ornaments in chiffon and silk cord.

A charming blouse of white crepe de chine forms the subject of our remaining sketch. This blouse is very closely gathered in a very effective way, straight across the line of the bust, and also for some distance down the sleeve, starting from the shoulder. Below the gathering on each sleeve there is a band of cream lace applique. This bodice has a very pretty collar-band and yoke, composed of alternate lines of halpin stitching and strappings of crepe de chine. This has an openwork effect of transparency which is very pretty, while below the yoke there is a curved garland applique of cream lace, which completes the trimming most effectively.

## YOUNG SLAYER IS CAPTURED

### EASILY ELUDES HIS PURSUERS

Leads the Sheriff's Posse and a Company of Militia a Long Chase, Once Escaping After Being Surrounded by Band of Men.

Pittsfield, Ill., June 16.—After a two days' fight with Sheriff Main and fifty deputies, during which time he succeeded in eluding the sheriff's posse and a company of the Fifth Infantry, Illinois national guard, Fred Mink, double murderer, was found in Saylor's barn, near the scene of his second crime. He surrendered to the authorities. The company of the Fifth Infantry and the fifty deputies guarded the prison when he was placed in jail here.

**Leads Pursuers Long Chase.**  
Mink was captured only after a long chase. He eluded his pursuers time after time, though once he was completely surrounded.

A message was sent to Acting Gov. McKenzie stating that Mink, who had been in hiding in his home here for several hours, had escaped. The message asked that a reward of \$200 be offered for his arrest. Acting Gov. McKenzie was of the opinion that the officers of Pike county should capture the murderer, and for this reason refused to grant the request.

**State Furnishes Ammunition.**  
Adj. Gen. Smith was requested by Sheriff Smith of Pike county to furnish 1,000 rounds of ammunition and also to permit the use of the arms of company A, Fifth regiment of Pittsfield. The request was granted.

Mink is 21 years. He shot and instantly killed Newt Harris, a farmer living six miles northwest of Pittsfield. Mink then disappeared into the timber which surrounds the house.

Armed men hunted for him all day Sunday, but he was not seen again until 7 o'clock Sunday evening, when he appeared at the home of his father, Adam Mink, one mile north of the Harris place, and, without warning, fired through the open door and instantly killed his stepmother.

**Passes the Guard.**  
Young Mink then entered the house, and for three hours, revolver and rifle in hand, with the dead stepmother lying on the floor, sat and talked to the remaining members of the family. About 10 o'clock he left the house, passing the sheriff, his deputy and forty or fifty armed men surrounding the house, and went on down the road toward the lake. He was followed by members of the posse, who fired several shots at him. Mink dropped to the ground and returned the fire, shooting six times. He then disappeared and succeeded in eluding the sheriff's posse until his capture.

## RAIN AND FROST IN ENGLAND

Floods in the Valleys and Snow in the Highlands.

London, June 16.—England is in the throes of a full-fledged winter storm. For ten days past the sun has not shone and for three days there has been a continuous downfall of rain. The Thames and other valleys are flooded, while there has been a heavy frost in many districts. The central highlands are covered with snow. There is no sign of a letting up of the storm.

## SPORTS AND ATHLETICS

Clyde Blair.

Intercollegiate track and field meets among the larger colleges are about over for the present season, and the new captains for the teams of '04 have been selected. Chicago has picked a sprinter for the place, Northwestern a pole vaulter and high jumper, Wisconsin and Michigan two-milers, Yale a hurdler and Princeton a half-miler. Clyde Blair, who was elected at Chicago, is one of the greatest runners in the country, and at a recent meet established a new western record of 0:09 4-5 with unfavorable weather conditions. He succeeds Jerome Magee, the pole vaulter. Arthur Baird was the unanimous choice of Northwestern he is the star center of the football team of the Evanston Institution, and is a weight man as well as a jumper. At Michigan N. S. Kellogg succeeds former Capt. Robinson. He is the best two-miler in the west, and has won the event three years in succession at the conference meets. Wisconsin has also selected a two-miler in Edgar J. McEachron to succeed Capt. Keachie. Edwin J. Clapp, who has been elected to the position of honor at the head of the Yale track team, holds the intercollegiate championships for both the 120 and the 220-yard hurdles. At Princeton the Tigers have selected Lynn M. Adsit as track captain for the coming year. Yale has declined Cambridge's challenge for an athletic meet between the two universities. Yale decided that inasmuch as the original plan for a joint meet has proved impossible, and as it would be rather late in the season, they would have to decline the challenge of the Cambridge university.

Alfred Shrubbs, of England, recently broke all records for two miles for both grass and cinder tracks by going the distance in nine minutes, 11 seconds, on a grass track.

Although the venerable game of golf has been played across the water for a great many years, not more than 20 years ago there was not a regular golf course in America; to-day there are thousands. C. B. McDonald was one of the first Scotchmen to come to this country with his bag of clubs, but his play was confined to driving a few balls in the outskirts of Chicago. The first course in the vicinity of Chicago was laid out at Lake Forest in 1901, but it was only a small affair. About the first club actually organized in the country was the Old Apple Tree brigade at Yonkers, N. Y. The St. Andrew's Golf club was formed in 1855, and after the game became more generally known championship tournaments were started. The Newport Golf club ran off the first one, and W. Lawrence took the honor. In 1893 the United States Golf association was formed and the first championship event was won by McDonald; since then H. J. Whigham has captured the honor twice, winning in both 1896 and 1897; Findlay Douglas won in 1898, while the fifth championship went to Herbert Harman. Travis won the year following, and the present champion is Louis James, who won his title last year at Glenview. The progress of the game in this country has been remarkable since its inception, and it is impossible to give with any degree of accuracy the number of followers of the game to-day or the number of clubs in existence. Phelps B. Hoyt is the popular captain of the Glenview club. He has done much to further the game in the west, and has figured prominently in championship events in recent years.

Phelps B. Hoyt.

Barney Oldfield, of Toledo, O., recently broke the world's record for a mile on an automobile. During a five-mile match race at Yonkers, N. Y., he reeled off the second mile in 1:01 3-5 and won the race in 5:31. The world's record for a mile for steam automobiles was also recently broken when F. E. Stanley went the distance at Readville, Mass., in 1:02 4-5. Jack Root, light heavy-weight champion of the world, and George Gardner, a claimant for the honor, have been matched to fight for the honor before the International Athletic club of Fort Erie, Canada, on the afternoon of July 4.

Among the entries for the famous Wexley regatta, which is held yearly on the Thames river, London, appear the names of two Americans and one Canadian: Titus, of the Atlantic Boat club, of New York; Juvenal, of the Vesper Boat club, of Philadelphia, and Scholes, of the Don Rowing club, of Toronto. The Argonauts, of Toronto, are also entered in the regatta.

There is a lively fight on for Sunday ball in Ohio. The ministers of Tiffin, Fostoria and Findlay held a meeting recently and decided to do their best to abolish the evil, but have thus far failed in their efforts.

HARRY MARTIN.

**Water Lily Seeds for Food.**  
The use as food of seeds of a variety of water lily indigenous to Oregon was discussed by Dr. F. V. Coville at a meeting recently of the Biological Society. The speaker stated that the Klamath Indians parch this seed for food. By means of an oil stove he parched a bowlful of the cereal, which he passed around for the members to sample. The seed had a peculiar though by no means unpleasant taste. The question of utilizing this seed as an addition to the white man's food supply was discussed by the members. —Washington Star.

**A Critical Expression.**  
Miss Gushington—Mr. D'Auber was showing us some of his sketches in oil. I think his style is just cute, don't you?  
Mr. Knox—Oh, I wouldn't say "cute," exactly.  
"No?"  
"No; I should say 'artless.'" —Philadelphia Press.

**In Case of the Husband's Death.**  
"Ah, my darling wife," said a young husband the week after he was married, "if your husband were to die, what would you do?"  
"I don't know, I am sure," said his loving wife. "I must look in my 'Book of Etiquette' and read the rules for young widows." —Woman's Home Companion.

**Hit the Handle.**  
"Mr. Slowpay," asked the landlady, "do you not like that drumstick I served you? I thought it would please you."  
"Well, Mrs. Feedem," answered Mr. Slowpay, "I hate to ask it, but if you cooked the rest of the drum, I should prefer a piece of the head or a part of the rim." —Baltimore American.

**Intellectual.**  
"Just fahney, Weginald; I've forgotten ma cahrd case."  
"Nerah mind, deah boy; I'll lend you some of mine."  
"But—ah—the name would be different, you know."  
"Bah Jove, so it would! What a head you have, Algy!" —Tit-Bits.

**Partington in Scotland.**  
Minister (to one of his members, a venerable old gardener)—You have reached a great age, John.  
John—Deed ha'e I, sir, for gin I leave till next month I'll be an octogenerium. —Glasgow Times.

**The Coming Jury.**  
Lawyer (a few years hence)—Make your mind easy; the jury will disagree. Prisoner—Sure?  
"I know it. Two of the members are man and wife." —Tit-Bits.

**Sexes in Prisons.**  
In American prisons the proportion of men to women is as twelve to one; in French prisons as five to one. —Chicago Journal.

**To Shame Miserly Givers.**  
An English Vicar has adopted a device to shame certain members of his congregation who placed old and battered coins in the collection bags. These coins he hung up in the church, with the request that the donors should replace them with good money. This has now been done in one case, but four others await like repentance on the part of the givers.

**Followed His Wife in Death.**  
When the White Star liner Oceanic arrived at Queenstown the other day, a pathetic story was told of a married couple in the steerage, both Russian Finns, who were returning to their native country. The wife was a sufferer from heart disease, and during the voyage she died. The husband was terribly affected by his loss and finally said: "I will go to bed and die." Shortly after he was found in his berth dead.

**Lightning is Fatal.**  
Dayton, O., June 10.—Paul Smith, aged sixteen, was instantly killed and Henry Dawson of the same age, received a shock that will probably result fatally by a bolt of lightning while sitting in a tree.
